Katie O'Connor a young RN who just graduated from nursing school, finds a job working at a small hospital in Rolla, Missouri.

Katie is a fun loving girl who worked hard to get her nursing degree. Having her mind set on her degree she let herself go. Katie gained a few pounds and didn't worry about her looks until she falls for a gorgeous Doctor who is trying to save the life of a little boy with leukemia. Katie also finds herself involved with a couple of patients that had nightmares of someone raping them. I think this book will put a smile on your face, a tear in you eye, and of course you will anticipate when the rapist will strike again.
