Fantasy/epic/ sword and sorcery The Legend of Fergus continues... His mission to the Southern Lands complete, Fergus and his men are recalled.

Rejoining the rest of the mercenary company, in the northern land of Valdenheim, he will face the horrors of war, betrayal, and worse. For there on those verdant fields, events transpire that will haunt him many years into the future... and dark arts he believed left behind long ago will rise again to threaten everything he knows and loves.
