Xavier and the crew is back in full swing in this HIGHLY anticipated story of a man that wants nothing more than to be at peace with his family. In the past years, Xavier and his team has been through hell and back. Just when he thought things couldn't get any worse, they did. After receiving some disturbing news, once again, Xavier's world spirals out of control. With the news that his kids had been kidnapped, Xavier goes on a rampage to find them and the person(s) responsible. While trying to get his kids back, he finds out that what the situation appeared to be was indeed something completely different and much deeper. What he thought was the motive, was nothing more than an assumption. Soon he will get the answers to all his questions. Will the answers make matters better or worse? Will Xavier find his kids alive and well? You may think you know, but you have no idea...
