In this busy world, people don't always have the time to prepare for job interviews far in advance.

For job seekers who wait until the last minute and need to get up to speed fast, there is Next Day Job Interview. This book distills Mike Farr's revolutionary and proven interview advice into seven quick chapters covering self-assessment, company research, key questions, a system for answering any questions that might come up, unusual situations, following up after the interview, salary negotiation, and getting more interviews.
