With Book Two of the Experiment in Terror Series, Perry Palomino and Dex Foray trade in the stormy Oregon coast for the unforgiving deserts of New Mexico. In the for-got-ten town of Red Fox, New Mex-ico, a Navajo cou-ple is tor-tured by things unseen and by motives unknown. Wild ani-mals slink through their house in the dark, a bar-rage of stones pound their roof nightly, and muti-lated sheep car-casses are turn-ing up on their prop-erty. Armed with a cam-era and just enough to go on, Perry and Dex travel to the des-o-late locale, hop-ing to film the super-nat-ural occur-rences and add cred-i-bil-ity to their flail-ing web-cast. Only their show has a lot more work-ing against them than just grow-ing pains. Tested by dubi-ous ranch hands, a ghost from Dex's past, and shapeshift-ing decep-tion, the ama-teur ghost hunters must learn to trust each other in order to fight the most ancient of myths...or die trying.
