Love is in the air . . . and so is a mysterious illness (called Chronic Snickering Syndrome, though it's anything but funny). Now that Freekin has given his heart to Lilly, Pretty is determined to use her monster wiles to steal it away.

So she sets out to impress him by searching for the illness source on her own—then quickly realizes that getting Freekin jealous would be so much easier. Lucky for Pretty, finding a new man isn't hard when you're a monster with conjuring skills. But imagine her surprise when her incantations produce a person from the great beyond, with the exact info she's been searching for!
