A wistful day gone wrong, a surprise capture by intimidating barbarians, and so begins Relon's sordid adventure. Young, innocent, he quickly learns that what lays ahead of him is a perverted array of ons and training, all for the purpose of teaching him how to become the perfect sex slave. His new Master, Hintur, who's purpose is to initially train the man to service the barbarian king, finds himself becoming attached, and protective, of Relon.

An attraction that should never be, and that quickly spirals out of control. Packed with detailed, depraved acts, as well as blossoming, forbidden romance, this bundle contains the first three volumes of the Gay Sex Slave Training series. This collection is 32,600 words of first time gay sex, BDSM, forced orgasms, intense virgin anal sex, anal bead play and cock ring orgasm denial. **WARNING, FOR ADULTS ONLY**
