Millions of women across America have had it up to here with trying to have it all-while never finding the time to appreciate what is right in front of them. This engaging new book from a fresh new voice reminds women of the wonderful life choices they have already made, and helps them to figure out where they want to go from here. It offers all women, of all ages, a chance to rewrite their "to-do" list, and put themselves at the top. Forget Perfect is a smart and funny look at how trying to be perfect actually gets in the way of happiness, and how letting go of being perfect means raising standards to live life to the fullest and appreciate the things that really matter.
