At eight years old, Bettina Aptheker watched her family's politics play out in count living rooms across the country when her father, historian and U.S. Communist Party leader Herbert Aptheker, testified on television in front of the House on Un-American Activities Committee in 1953. Born into one of the most influential U.S. Communist families whose friends included W. E. B. Du Bois, Paul Robeson, and Elizabeth Gurley Flynn, Bettina lived her parents' politics witnessing first-hand one of the most dramatic upheavals in American history. She also lived with a terrible secret: incest at the hands of her famous father and a frightening and lonely life lived inside a home wrought with family tensions.

A gripping and beautifully rendered memoir, *Intimate Politics* is at its core the story of one woman's struggle to still the demons of her personal world while becoming a controversial public figure herself. This is the story of childhood sexual abuse, abortion, sexual violence, activism, and the triumph over one's past. It's about FBI harassment and persecution, Jewish heritage, and lesbian identity. It is, finally, about the courage to speak one's truth despite the consequences and to break the sacred silence of family secrets.
