Debut author M. Scott Carter has written a young adult novel that tackles both teen grief and first love. In an unusual twist on the boy-meets-girl scenario, the story is told by sixteen-year-old Alex Anderson. Alex grieves the tragic death of his best friend, and his parents have sent him away to a special summer camp for trouble teens in hopes of helping him find his way back to normal. At camp, Alex meets a Texas beauty who has secrets of her own, and the stunning finale will lead the reader cheering.
