Librarian's Note: this is an alternate cover edition for ASIN B00FYRKLPI. Justice without compassion is but tyranny The series that has reached #1 on Amazon! The handful of humans that crash-landed on Pearseus three hundred years ago have by now colonized a large part of the planet, rebuilding their civilization from scratch. In the process, they have created a dystopia for themselves, splitting into three competing factions: the Capital, the Loyalists and the Democracies, all embroiled in end intrigue and constant warfare. An uneasy truce between the three parties still holds - barely. While man turns against man, the First, Pearseus' indigenous people, wage their own war against a shadowy enemy; an ancient conflict that threatens to engulf and destroy all of humanity. Following an unspeakable crime, the men and women of Pearseus struggle to live and love as their world crumbles all around them. But can love be found in the ruins of humanity's civilization?
