Excerpt: This is a list of characters of the Rurouni Kenshin manga and anime series by Nobuhiro Watsuki. Names of the characters in the manga are in Japanese order, with the family name before the given name. The Viz manga uses the Japanese order while the English anime uses the Western order. Within the series My jin Yahiko refers to Kenshin and the individuals allied with him as Team Kenshin Kenshin-gumi, literally "Group of Kenshin," the editors of the English-languages volumes stated that they translated the phrase as "Team Kenshin" "rather playfully" for their purposes). Himura Kenshin is the titular "Rurouni" (wanderer) and main character of the series. He is formerly known as the Hitokiri Batt sai, a deadly man-slayer who slaughtered many men in the war before the Meiji era. Kenshin's fighting style is Hiten Mitsurugi-ry, now an ancient study. With this dangerous sword style, he uses his Sakabat (A sword with a reversed edge) to restrain himself from killing anyone ever again, and renounces the title Hitokiri. He meets Kaoru and develops feelings for her. Himura Kenshin accidentally killed the girl he was married to (Yukishiro Tomoe) when she suddenly stepped in between Kenshin and his opponent, hoping to save Kenshin's life. In

the manga, the knife that Tomoe was wielding falls from her grasp when she is wounded and it cuts Kenshin's left cheek, finishing the familiar cross-shaped scar.

In the OV...
