Dating goes the dogs! Soon-to-be college student Alanna Lu Feng helps her great-aunt and -uncle with their doggy fashion design business, shooting photos of their French bulldog mascots. It's good money and fun work—but why can't Alanna Lu get lucky in love? Vivian and Frank Feng adore their great-niece, but they're hiding a secret from her: Vivian is a witch! Sick of listening to her great-niece's dating woes, Vivian concocts a plan to get her great-niece into the arms of a special someone. But can magic solve the problems of love? A lighthearted comic fantasy that will make the whole family smile. Novella, 27,000 words
