All irregularities will be handled by the forces controlling each dimension. Transuranic, heavy elements may not be used where there is life. Medium atomic weights are available: Gold, Lead, Copper, Jet, Diamond, Radium, Sapphire, Silver and Steel. Sapphire and Steel have been assigned. Suburbia, 2004. And it looks like rain.

Sapphire and Steel are drawn to a house apparently much like any other on the street, except that this one, and the family living in it, harbour a secret that threatens to destroy them all.
