Waiting can take us out of the present moment, whether by anxiety or irritation, anticipation or dread. Discover God's presence while you wait and use those moments as an opportunity for prayer. Take time to pray while you are waiting in a doctor's office, for your baby to arrive, while at the airport, or whenever. Don't miss your chances to enjoy unplanned time with God. Moments With God includes original prayers, Scripture, reflections, and support for praying in the moment.
