Bryce Fischer has been given one simple and oh-so dangerous assignment: to go undercover and determine if fellow undercover cop Jack Deckard has gone rogue. She's been told to do whatever it takes to earn his trust - no matter the cost to her integrity, her morals, or her body... Jack Deckard is a dangerous man.

Possessing power, wealth, and the raw charisma of a fallen angel, he is as feared as he's respected. Yet his soul has been twisted and his heart fractured by the sacrifices he's had to make. When Bryce asks to enter his dark world, he reluctantly agrees - unable to resist the allure of her delicious innocence and her arousingly curvy body... *An alpha billionaire romance, perfect for fans of Cassie Cross and J.S. Scott*
