The Feeling of Destiny... Lady Evelyn Marie Manning finally arrives amid the excitement of the London Season. Can she find the perfect suitor? Paxton Witley, the Earl of Devonhurst, is noble, unbelievably handsome, protective, and kind. Evelyn finds it difficult to focus on her suitors when he is near. Once Bitten, Twice Shy... Paxton Witley is in London to find his sister a husband. But he has no intention of getting married himself, ever. Even so, his fight to distance himself from the persistent Lady Evelyn proves futile. He finds Evelyn achingly beautiful. He can't help being captivated by her honesty and her growing feelings toward him. Passions Ignite... Danger comes in many forms. Will Paxton be able to save Evelyn from a French spy holding her captive? Does Evelyn know enough of the earl's past to protect herself? The Perfect Suitor is a historical romance set in the Regency Period during the Napoleonic wars.
