Naomi Winters was a woman with a mission: to finally establish herself in a career as a writer. She had sworn to herself that she would never let anything stand in her way. Her heart, which would become a cold and ruth one, was 100% on board with the plan. And so it wouldn't have surprised anyone that, when she stumbled across a true-blue, steadfast heart (so unlike her own,) that dared to unfold itself in front of her, revealing its innermost hopes and dreams... well, that too would simply have to be sacrificed. Sacrificed to the unfeeling god that was her aspiration for the life of a brilliant satirist.
