□ □ □ This Book is FREE – for Kindle Unlimited Users □ □ □ How To Master The Art Of Small Talk The importance of small talk in today's fast paced lifestyles cannot be overemphasised. If words once dried up on you when you needed them most and you had to spend hours alone at a social gathering when others were mingling, only because you did not know how to strike a conversation or to keep one going; then you know just how essential it is. It has been called many things, among which are trivial, point, idle chit-chat and superficial. Frivolous it may be, but inconsequential it certainly isn't and thinking it is might cost you a potentially lasting relationship or a better job. Even if nothing lasting comes from the small talk episode, wouldn't it make you feel good just knowing you might just have made someone else's day? Here's what you'll find in the book: ● What Small Talk Is And What It Isn't ● Small Talk: Why The Fuss? ● Create Good First Impressions ● Effective Ice-Breaking Techniques ● How To Work Around Awkward Moments ● so much more ! When you download Communication Skills: How To Master The Art Of Small Talk you will soon love to meet strangers
