I've got a secret. One big, filthy secret, but the moment I lay eyes on him, I know he can help me. That he can make things right. Because I'm tired of being treated like porcelain. I want a dirty, gritty bastard. A man who'll tell me how much he f\*cking hates my expensive perfume as he pulls my hair and breaks me. And he just so happens to be the one. I want his discipline. His approval. His permission.

Warning! Only readers 18 and older because this book is rough-gratuitous-sex-on-every-other-page filthy! It's 30,000 words of dark insta-lust, taboo EVERYTHING, and hard spankings. Proceed with caution.
