In this slim new collection, critically-acclaimed author and journalist Joseph Vogel gathers together some of his most informative and provocative pieces on the late King of Pop. Featuring ten articles and a previously unpublished bonus chapter, this fascinating mosaic explores a wide range of subject matter: from the impact of race on Jackson's career, to the ways he challenged and expanded the definition of "pop," to behind-the-scenes histories of his songs. Based on original research and personal interviews with the singer's close collaborators, *Featuring Michael Jackson* is a book no fan or music history buff will want to be without.
