It is not often a senior police officer is handed a file that is ready to prosecute, down to the last tiny detail. Veronica Reason is the target of an assassin, sent to silence her from prying into a case about which she knows absolutely nothing.

The attempt on her life prompts her to delve into the dormant case, opening a whole can of worms for the perpetrators who live to rue the day they tried to silence her. Follow Veronica Reason and her police team as she draws the culprits into her net and exacts a fitting form of revenge.
