His parents are trapped. The Guardians are missing, and without them, rips are opening all over the world. Stalked in his dreams by a sinister figure known only as the Dream Walker and pursued by Name Monsters who have teamed up to fight them, will Kai and his friends be able to outwit the forces arrayed against them and free the Guardians in time to close the rips before the Realm of Darkness spills out in the Middle Realm? And will Kai be victorious in the war being waged for his mind while he dreams?
