For 27 years, Novel & Short Story Writers Market has been the only resource of its kind exclusively for fiction writers.

Anyone who is writing novels and/or stories whether romance or literary, horror or graphic novel needs this resource to help them prepare their submissions and sell their work. Readers will have access to listings for over 1,300 book publishers, magazines, literary agents, writing contests and conferences, each containing current contact information, editorial needs, schedules and guidelines that save writers time and take the guesswork out of the submission process. This book includes more than 100 pages of listings for literary journals alone and another 100 pages of book publishers (easily four times as many markets for fiction writers as Writers Market offers). The book also features over a 100 pages of original content: interviews with working editors and writers, how-tos on the craft of fiction, and articles on the business of getting published.
