I'd sworn to myself that I'd never give my heart away again, that I'd be content with meaning flings. So why did I feel so empty? Like in His Pleasures, we take another step back into sexy billionaire, Rylan Archer's past. Still a bachelor at twenty-eight, Rylan is everything a woman could want. Handsome. Intelligent. Rich. But ever since he caught his fiancée cheating on him with another woman, he's sworn off love and relationships. Only now, he finds himself unfulfilled and wondering if, maybe, he's made a mistake. Don't miss the arousing novella that gives you another glimpse into the mind of Rylan Archer, the sexy billionaire in M.S.
